With your donation, you have helped to save endangered animals which will soon be returned to the ocean to live a life renewed!

It is truly the generosity and compassion of people like you that will carry this hospital into the future and help to preserve the vitality of our oceans by insuring the survival of the sea turtle population. Thank you again for joining us in our efforts! None of this could be done without you.

Dear Tau Sigma Chi,

Thanks to you more than 300,000 people living with neuromuscular disease can find access to vital support and care, and benefit from research initiatives being driven by the Muscular Dystrophy Association (MDA). **Together, we are empowering the individuals we serve to live longer, more independent lives.**

“When the doctors diagnosed my daughter, Faith, with spinal muscular atrophy (SMA), I was devastated,” says Faith’s mom, Leeann. “Living with SMA hasn’t been easy. But MDA has been here for us from the beginning, giving us access to a whole network of experts and services. MDA told us about a new FDA-approved treatment, and the results have been nothing short of life changing for all of us. We are thankful to MDA donors for helping to make this transformation possible.”

Ten-year-old Faith **has seen a dramatic improvement in her physical strength and respiratory function thanks to this new therapy.** These types of medical advancements can restore mobility and be life-changing for so many.

With your continued support of MDA, we’ll keep accelerating research, advancing care, and advocating for the support of our families. On behalf of everyone at MDA, thank you for your generosity.

Sincerely,
Morgan Roth
